Simpsons Mitglied

You Are Bart Simpson

Very misunderstood, most people just dismiss you as "trouble."

Little do they know that you're wise and well accomplished beyond your years.

You will be remembered for: starring in your own TV show and saving the town from a comet

Your life philosophy: "I don't know why I did it, I don't know why I enjoyed it, and I don't know why I'll do it again!"

The Simpsons Personality Test
